

Good Game Esports Table

GG is a way to acknowledge the end of an Esports battle and means 'Good Game.' The Good Game Esports Table was designed for dynamic gaming spaces to allow students to play the best game possible. The modular design allows tables to be easily reconfigured as needed. The built-in modesty panel provides privacy and wire management. When tables are aligned, the 5" deep panels form a continuous channel for easy access and storage for wires and cables for computers and consoles. Enhance your space with color by selecting from a wide variety of worktop and edgeband options.
